

HEALTH & SAFETY POLICY

Gold Security Group (International) Pty Ltd recognises that human resources are its greatest asset. Our vision for Health & Safety is:

“To promote and support the highest levels of safety within the organisation to ensure the well-being of all employees and other stakeholders.”

Our goal is to continually improve and achieve the following objectives and targets:

- Develop a proactive culture throughout the organisation by encouraging individuals and team responsibility for health & safety behaviour;
- Encourage all employees and sub-contractors to actively participate in development of health & safety programs with regular communication and consultation;
- Commitment to eliminate hazards and reduce Occupational Health & safety risks.
- Commitment to provide safe and healthy working conditions for the prevention of work-related injury and ill health.
- Ensure appropriate and timely health & safety training is provided to all employees;
- Conduct yearly internal audits to ensure conformance and compliance with health and safety legislation and ISO 45001: 2018 and to verify risk management control effectiveness;
- Measure health and safety performance to monitor improvement and progress towards a reduction of total recordable injuries;
- Implement this policy and its objectives within the organisation and ensure that it is communicated and made available to all interested parties.

This policy will be reviewed in consultation with relevant parties on a regular basis.
